CSE Student | Python Developer | Data Science & AI/ML Enthusiast
| Java, JAVASCRIPT | Open to AI/ML & Data Roles | OUTR'28 |
OJEE'25 RANK - 1

Brahmapur, Odisha, India

Summary

Hey there! I'm Gourab Swain, a passionate Data Science & Python Developer exploring how data and AI can power real-world solutions.

What I Do:

I love working with Python, Flask, and Data Science libraries to build intelligent and practical applications. For example, I created VidSnapAI, an AI-powered reel generator using Flask, APIs, and Python, blending automation with creativity. Alongside this, I'm exploring Machine Learning to apply models for predictive analytics and smarter applications.

Skills & Expertise:

Data Science & Python: Pandas, NumPy, Jupyter, Flask, API Integration

Machine Learning: Basics of supervised/unsupervised learning, model building & evaluation

Other Languages: Java, C

Web Development (Secondary): JavaScript, React, Node.js, SQL—built projects like a responsive e-commerce platform and a student marketplace with real-time messaging

I'm continuously learning, experimenting, and building projects that merge data science, ML, and software development. My long-term goal is to become a Data Scientist with strong full-stack skills, creating AI-driven solutions that scale.

JavaScript Proficient: Crafting seamless, interactive web interfaces.

Education

Odisha University of Technology and Research

Bachelor's degree, Computer Engineering · (August 2025 - August 2028)

UMA CHARAN PATNAIK ENGINEERING SCHOOL

Diploma of Education, Computer Science · (August 2022 - August 2025)
